

main.c

```
graph TD; main_c[main.c] --> xc_h[xc.h]; main_c --> confbits_h[confbits.h];
```

The diagram illustrates a file dependency structure. At the top is a box labeled 'main.c'. Two blue arrows originate from the bottom of this box, pointing downwards and outwards to two separate boxes below. The left box is labeled 'xc.h' and the right box is labeled 'confbits.h'. This represents 'main.c' including or depending on both 'xc.h' and 'confbits.h'.

xc.h

confbits.h
