

main.c

```
graph TD; main_c[main.c] --> xc_h[xc.h]; main_c --> confbits_h[confbits.h];
```

A diagram illustrating file dependencies. At the top is a gray rectangular box labeled 'main.c'. Two blue arrows originate from the bottom of this box. The left arrow points to a white rectangular box labeled 'xc.h' at the bottom left. The right arrow points to a white rectangular box labeled 'confbits.h' at the bottom right.
